

GRABBAR SERIES

GrabBar™

Designed for cargo stabilization inside trailers with wood or metal rails. Feet adjust to board/rail thickness ranging from 1/3" - 1 3/4". Collapses down to 46" for easy storage, with a full adjustment range to 106". The rubber feet provide excellent grip and will not damage surfaces. Use the GrabBar™ stop collar for rigidity in stake side truck applications. The GrabBar™ can also be used in conjunction with the SmartBar™.

Use With The GrabBar

For heavier loads you can use the GrabBar in conjunction with the SmartBar to provide extra stability.

Spring Loaded Lever for easy adjustment

The rubber spring loaded lever is used to easily adjust the GrabBar to the desired length. It can adjust to a full 106" for those wider loads.

Strong And Flexible Rubber Feet

The rubber feet come in two different sizes depending on your needs. No matter what your need, these rubber feet can ensure a scratch-free surface along with superior holding power for any size load.

GRABBAR SERIES
