

SMARTBAR™ FOOT - SMALL

It may be small, but it has superior gripping power. To be used at the ends of your SmartBar™, this small end SmartBar™ foot will provide enough grip strength on the sides of your trailer to prevent the load from tipping over or moving around while being transported. These small rubber feet are easily replaceable and also come in a larger size.

- Stock #: CC5018
- Weight Each: 0.40 Lbs./Ea.
- Factory Package: 12/Ctn
- Order Unit: Each
