

A316 STAINLESS STEEL SCREW PIN CHAIN SHACKLES

This A316 Stainless Steel Screw Pin Anchor Shackle is highly durable and versatile, designed specifically for heavier loads. The screw pin is easy to insert and remove, providing ultimate security without any hassle, and the stainless steel composition provides great corrosion resistance. It's one tough shackle you can depend on. NOT for overhead lifting.

A316 STAINLESS STEEL SCREW PIN CHAIN SHACKLES

APPLICATION

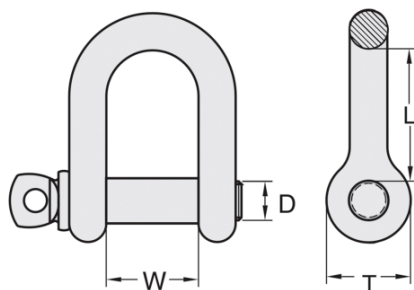

- Designed to handle heavier loads; various applications
